If the home team ties or goes ahead, the visiting team takes its turn at bat. If the game is declared a completed game due to a mercy, flip-flop rule will not apply since there will be no open inning.
 - 5.10. **1st Base Safety Base** will be used when available and provided by the park.
 - 5.10.1. On a force out the defender is required to tag the white base. The runner is required to tag the Safety Base.

 - 5.14.4. If no pitching screen is used, pitchers are encouraged to wear a protective face mask that covers, at a minimum, the area of the face from above the eyes to the lower part of the chin while pitching. All pitchers must wear the mask consistent with the manufacturer's intended usage of their product.
 - 5.14.5. **A pitching screen will be team optional.** Team must furnish their own screen only if the event director cannot provide a pitching screen.
 - 5.14.6. **If pitching screen is used** - Pitcher using a pitching screen must toe the pitching plate when delivering the pitch.
 - 5.14.7. **If pitching screen is used** – The pitcher can't touch the batted ball until another defensive player touches the ball first. Once another defensive player touches the batted ball, the pitcher may engage on defense.

5.15.2. USSSA makes NO warranty as to the protective qualities of any mandated or recommended safety equipment when used in softball, which may have inherent risks as an impact sport. USSSA does not make any specific claims as to any safety equipment's performance and will not accept any liability for personal injury. The mandated face mask is designed to prevent injuries to the player's face, but not all injuries can be prevented. Players can still suffer serious injury while wearing any type of face protection.

5.16. Defensive Players

5.16.1. Age 70+ will be allowed to have eleven (11) players on defense.

5.17. Extra Players in Batting Lineup

5.17.1. Teams have unlimited batters, but cannot drop below the number on the starting batting order except as noted at 5.17.2. & 5.17.3. below. All players must be listed on the lineup sheet before the game begins.

5.17.2. Should an offensive player become injured, causing the team to drop below the original batting lineup, the team will not be forced to forfeit the game, and an out will be declared only the first time that position comes to bat.

5.17.3. If a player is ejected, an out will be recorded each time his position comes up to bat.

6. HOME RUN RULES

6.1. Conference=DHH+10 HR's, Major=DHH+8 HR's, AAA=DHH+6 HR's, AA=DHH+2 HR's

6.2. Homeruns over the limit are an out.

6.3. If divisions are combined, the HR rule will be adjusted to a mid-point of current HR total for each division. (example: Major DHH+8 HR's, AAA DHH+6 HR's, so mid-point HR is DHH+7 HR's for a Major/AAA combined event.)

7. DESIGNATED HOME RUN HITTER RULE

7.1. A team has the right to designate a batter in the lineup that can hit as many home runs as they can without any of his home runs counting towards the team limit allowed. If the HR batter is walked intentionally or unintentionally, the next batter that hits a home run will not count against the team's total until the HR batter comes up to bat again.

- 7.2. If a DHH is substituted or removed from the game for any reason, the team loses the DHH. The DHH spot will be reinstated for the game if the DHH returns to the lineup.

8. EQUALIZER RULES

- 8.1. When a lower-class or older age group team is playing a higher-class or younger age group team, lower or older team will have one out of two options:
 - 8.1.1. OPTION 1 - Five (5) runs per game (Awarded one (1) run an inning for the first 5 innings)
 - 8.1.2. OPTION 2 - 11th defensive player
 - 8.1.3. There is no automatic Home team for teams giving up an equalizer. When teams are equalized after granting an equalizer, a double coin-toss will determine Home team advantage with the exception of the Championship game (see rule 5.3.5.).
 - 8.1.4. When there is a 2 (or more) classification or age group difference in the opposing teams, the tournament director reserves the right to implement both Option 1 and Option 2 to make the game competitive.
- 8.2. Director reserves the right to not grant an equalizer when older age group team is classified higher than the younger lower classified team.
- 8.3. Points Awarded - All lower-class teams playing up in class, will be placed in the order they finish with all similar class teams in the event. (example: The highest finishing team in each class will receive first (1st) place points for the event regardless of their actual finish.)

9. TEAM CLASSIFICATION GUIDELINES

- 9.1. Most players have at one point participated in USSSA during their softball playing history. We have a database of players and their playing history, so we will leverage the information to assist us with classifying teams appropriately following our guidelines below.
- 9.2. Even though teams are allowed to register a team at their desired team classification, the team classification is not official until all players are entered to the online roster, ONLINE ROSTER is reviewed by a director and team is approved at their registered classification prior to an event. It's the manager's responsibility to confirm your director has approved your ONLINE ROSTER at the current classification prior to an event.
- 9.3. Players with no player history will be added to our database. A picture of the player ID, cell number, and email address is required for new adds to our database.
- 9.4. **FIRST STEP...**Directors will reference the division teams are currently participating in other organizations to serve as reference to help establish a baseline team classification.
- 9.5. **SECOND STEP...**If the team is new with absolutely no team and player playing history, we will consider starting the team at a AAA classification unless a team requests starting at a higher division. Otherwise, we will

use the Rule 9.5 guideline to give a new team with no playing history a starting point.

- 9.6. **The following guideline will be used for new teams with player history but no team playing history in our program or any other organization. Players currently listed on the USSSA Slow Pitch Major or Major Watch List can play no lower than Conference without approval from the USSSA Senior Softball National Committee.**
 - 9.6.1. Conference – no player rating limitations.
 - 9.6.2. Major – no player rating limitations.
 - 9.6.3. AAA – no players that have been **established as a B or higher rated player** throughout their slow pitch softball playing history allowed.
 - 9.6.4. AA – no players that have been **established as a C or higher rated player** throughout their slow pitch softball playing history allowed.
 - 9.6.5. **Directors reserve the right to adjust a team's classification based on skillset, performance, and playing history information at any point during the season with the approval of the USSSA Senior Softball National Committee. Roster exceptions must be approved by the committee.**
- 9.7. Managers can request a team reclassification after four events. Team requesting a division drop must show sub .500 winning %, sub 1000 power rating, and -5 average run differential in the current team class.

10. ROSTER GUIDELINES

- 10.1. The age a player attains on his birthday in any particular year is considered to be his age for that entire calendar year.
- 10.2. A player must meet the minimum age of the group in which he competes, but may play in any younger age group(s).
- 10.3. All players participating in an event must be listed as ELIGIBLE on the team's online roster. A penalty can be imposed for not complying by the event director.
- 10.4. Teams with less than 10 players listed online (ELIGIBLE & PENDING combined count) prior to the event game schedule being released will be either removed or placed in the highest division for the event.
- 10.5. The player and team manager are responsible to ensure that a player's name does not appear on more than one qualifying tournament team roster per age group. Maximum two age groups.
- 10.6. Players participating in two age groups in the same event can only participate in the same division AND both age groups CANNOT be combined in the same pool or bracket. (example: 55 Major and 50 Major is approved. 55 Conference and 50 Major is not approved. 55 Major and 50 Major in the same combined pool or bracket is not approved.)
- 10.7. **There are no Bordering or Out of State player restrictions. The USSSA Senior Softball National Committee will assess how lifting**

the restrictions impact our divisions and reserve the right to adjust the rule to address disparities at the lower divisions.

- 10.8. Teams are restricted to THREE players with an established USSSA or GSL Senior Softball playing history participating on teams one level higher. Once a player participates/fills-in on a higher rated roster THREE or more times in USSSA or GSL, they will be considered an established player at that higher level. Players may not participate on any team two levels below their established division. State Directors are allowed to make roster exceptions with approval from the **USSSA Senior Softball National Committee**.
- 10.9. Starting in October 1st each year, a team may use players that age up in the next calendar year.
